### What's New In?

Screensavers are back! Now you can set screensavers to work for you, thanks to Windows 10. Included in this app are more than 50 screensavers to help you relax and unwind, be it a cat purring in a sunbeam, waves breaking on a pristine beach, or a quiet evening in the rainforest. With screensavers installed, your computer's display will put itself to sleep, allowing you to enjoy a long and relaxing nap. You don't have to use the screensavers. They can be your choice, but that's not the point. What's the point is that with screensavers, your PC will always be there, always working when you need it. Screensavers now better than ever To make your screensaver experience even better, we've brought together the most talented artists in the world to create screen savers. Each of the 50+ screensavers will look beautiful on all your devices: phones, tablets, laptops and desktops, wherever you are. You'll get all screensavers in the same app, even if you have more than one monitor. We created six core screensavers you'll use every day. The other screensavers are a little more special. They are icons in a grid. You can choose how many, where they will appear on your desktop and in what order. You can have a different screen saver for each day of the week. You can also set the screensavers to run automatically at certain times, or when you wake up, or when you leave your computer for a while. You can get the screensavers, all in one place. Don't forget to keep them on your phone, tablet and laptop. Add screensavers whenever you want You can always download new screensavers. We've made it easy to download more. You'll see a section at the top of the app labeled 'screensavers'. If you click on that, you'll get a page where you can browse and search for more screensavers. Or you can look for new screensavers in the Windows Store on your phone, tablet and laptop. You can even download them right to your PC. You can also watch other people's screensavers, and share them with your friends. The screensavers are really beautiful. You can try them out right now. We're excited to see your screensavers. Bold, colorful and friendly, Mad Hatter brings a whole new level of impact and fun to Windows screensavers. The animations look awesome on both small and large screens. Mad Hatter is suitable for all kinds of screensavers - from screensavers that help you with relaxation to screensavers that teach you something. Mad Hatter Screensaver - advanced screensaver features: ? 8 animations for a total of 2 minutes of screensaver. ? 3x3 split screen, so you can watch 2 screensavers in parallel. ?
