The commission was asked to suggest changes that would enable patients to avoid unnecessary detention and involuntary treatment, based on "the rights and needs of people with mental illness". Among the recommendations was removing "birthplace" as a reason for compulsory treatment, or detention, in mental health facilities. It said people can be detained if they are mentally ill and they pose a serious risk of serious harm to themselves or others 77a5ca646e

The only problem is it seems to take forever to start when I log in, but this is normal. Also I have Windows 7, so I thought it would be better to give it a 5, as I'm not sure if there's a version of it for XP.
