Epic Weapon is a large-scale online First-Person Shooter where you make epic weapons from a variety of materials and crafts. Defeat other players and crush your rivals by uniting in the theater of war. Epic Weapon has an impressive turn-based fighting system and a large-scale production of objects and materials. There are three modes of play: online, offline by singleplayers, and online by more than oneplayer.

Epic Weapon is not a title with a limited amount of objectives. The enemies rise up to compose the battlefield, and as you go on, ever-changing results that continue to unfold will play out as they learn to challenge you. To discover the strategy of the game, you only need to first start off by creating. You have the freedom to do what you want. For a block of cells, you choose the weapon you wish. You can also create characteristics such as a spear that has a wide damage area.

The Research and Development of the Hero Equipment begins. It is the turning point that determines victory and defeat. This is a battle in a large-scale, in which the management of resources and the use of the Research and Development System are essential. The existence of the

Research and Development System is linked to the worldwide policy, where depending on the results of the factories, the game continues.

The Hero can learn to choose the best equipment based on the playthrough situation. Other Heroes will also guide you through the path of the game.

Epic Weapon is an action game that changes based on the individual play of the players.

Every term, you can control up to 5 Heroes.

This is the first title in the Company of Heroes section. Please keep the following in mind.

- **Due to the sense of it being an online game, please use the HTML version of the game.**
- **This would be a first-party game, and the censors have provided us with three filters (free graphics, reduced image, and weak sound).**
