GuitarFreaks.com have reported on this July that Nelson Mandela, the beloved anti-Apartheid activist and former President of South Africa, died this evening. He was 95. Follow us on Twitter and Facebook and join the discussion. Nelson Mandela and his own former wife Winnie Mandela are pictured before Mandela was sentenced to life in prison in 1962. Photo courtesy of the Associated Press. Nelson Mandela has passed on with honors from the worldwide anti-apartheid movement, that he blazed during and after his 27-year imprisonment in South Africa. He died at his home in the Rainbow nation, surrounded by his family and his dwindling circle of disciples. In a statement, President Thabo Mbeki did not refer to a coma that Mandela suffered for 18 days in June, suggesting that Mandela had not fully recovered. "We have lost a great son of the nation, a man whose humble roots, from a humble beginning in his village in South Africa, forged in him a nation that despite all odds, embraced peace, freedom, democracy and justice," said Mbeki in a statement. "For our part as South Africans, we pray that we may be inspired by Nelson Mandela's example to work

together with one in mind in building our beloved country.” The statement also called Mandela a “great peacemaker”, and said he “was steadfast in seeking reconciliation with the people of our nation in South Africa, and beyond, as we seek a more united and peaceful world.” Mandela was diagnosed with AIDS in December 2004, but remained active in public life until the end of his life. “This evening as we commemorate the life and work of Nelson Mandela, we also remember the many friends and family members who may not be here to share this moment,

Total Football The total football gameplay experience puts Total Football back at the heart of every decision a player makes. Tactics (passing, shooting, dribbling and defense) are now powered by artificial intelligence. Referees and players will make the difference on the pitch. FIFA The Team Authentic Brazilian, Argentinian, and Brazilian sounds The complete Brazilian arsenal features authentic sound, meaning that players will demonstrate their style of play with the correct choice of word and pitch of voice. Concept Art More than 250 historic player photos and 50 concept art images show how a player's physique and on-field style influenced clothing and equipment, as well as what their game day would have looked like. Updated Pitch Engine Players will feel more in control of their movement and passing on an all-new pitch engine in FIFA 22. In addition, player height in goals, along with goalkeepers and defenders near the corner flag, are also improved. The goal and corner shapes have also been refreshed. Unique Stadiums and Touchline Players will once again feel the difference between authentic and replica stadiums in EA SPORTS FIFA 22. Authentic

stadiums will be unique in design and lighting, with the correct names, logos, and colors. Real Player Physics With FIFA 22, physical players – especially defenders – will react to ball contact in a way that matches how they would in the real world. New Commentary A new commentary team of Robbie Earle and Lee Dixon brings a full and exciting range of voices to complete the tournament broadcast experience. Vision The majority of shots and headers will now be generated from the halfway line (as in the real world). This will affect goal scoring in all game modes. New Referee Behaviours The new gameplay engine has also given the referees new behaviors and techniques. New referee motions will make them more demonstrative and aggressive. New Grass System The Grass Engine has been rebuilt to integrate the new artificial intelligence system, giving players a more realistic on-pitch experience. New Level Aiming Players will be able to see a more realistic goal, as well as the red lines that will inevitably shift depending on the conditions. Better Performance Players will be more responsive in all game modes, and the ball will more accurately reflect the speed and spin you control. New Player and Referee
