**Windows only Description: Dramatis Personae - your Companion Character! If you're curious about Matt's previous games, check them out! Epic Fantasy Tarnished Arena is a spell-wielding fantasy action RPG built on the bedrock of a good story. You can only choose your classes after you've encountered all the events of your character's life before that point. Use class abilities, do quests and reap rewards. Then, when you reach 100, go to town for epic gear. From then on, play to your strengths. Fight the war for the factions by being the hero who can take down big bad people, build, and level up that equipment. And use it! Or, you can play as a diligent practitioner of magic who uses a focused casters or healers viewpoint. Class Abilities - Read about the cat-like capabilities and hidden betrayals of your chosen class Class Abilities Craftmanship: Allows you to break open containers and harness their items. You can make your own armor sets or bind wands, a tutorial auto-upgrades your gear from low quality to high quality. Mana: Your magic. You can use Mana to unlock new spells. Once you know a spell, it takes up Mana. You can increase your Mana pool with a combination of grinding in the two class-specific yellow coins, loot drops, and vendor/merchant equips. One way to blow all your Mana is to use Prot or Necromancer abilities too early, then change classes. That's a bad move. Strength: Allows you to pick up a lot more and take it further. You can quickly move your character using different combinations of strength and spirit (free movement). Push blocks with strength also. It eventually increases the power of your ability. Respawn Bonus: The longer you are in an area, the more powerful your next battle is. The World is a Troubled Place - You Will Experience Life, War and Magic. In this game, the Lands Between are a harsh and troubled place. It appears safe, maybe it's not. It's just that, this is a fantasy game and hero's are rarely good things. As a rogue, you're constantly under suspicion of betrayal, and you can't even take out as many bad guys as you wish, the Lands Between will always be full of people who would try to kill you for even the faintest suspicion of leaving the Borderlands.
