incredibly deep hacking and slashing experience is waiting for you in a gorgeous and deeply satisfying open world, where players are rewarded for their tactical skill, pure reflexes and killer instincts. The slick combat system is based on a philosophy that, at its core, suggests to never give up or cede ground when attacked. Players are only ever truly safe in a fight if they are completely surrounded by enemies, and better yet, if they can flank and attack an enemy group from behind. The game reminds you from the outset that success is more than just a win. Early access game Way of the Samurai 4 is currently in alpha. Reaching alpha status means that the game has reached a playable state, but there will be many rough edges in the game, so don't expect the final product to be as polished as you would expect from a final release. Reaching the alpha stage is the first step in a game's development cycle. Gamers can purchase the Kickstarter version for \$24.99, with a tentative release date of late April or
