Furthermore, when developing a game, the first release is also very exciting, but as mentioned by David Kaneda (Production director and designer at Nintendo) "At E3, I want to see people who have never before experienced the beauty of Mario within the scope of a larger game." While they have been developing a game for Nintendo for more than 30 years, Mr. Kaneda also wants to see Wii U. An incredible surprise to the industry! What emotion to see Mario's smile and see the exclusive commercial for this breakthrough, exceeding expectations! Really amazing to see the occasion. At E3, they have shown all the highlights of the Wii U. Perhaps, we will see Mario Kart 8 next?

Hey, its been a long time since the release of the Nintendo Wii. So, what will play games on the platform? There are so many new types of gamers Nintendo Wii, so lets take a look at at how or what type of games you will

**Destructoid.com has been keeping tabs on Dark Souls' overall leaderboards, and they've discovered that a small but passionate section of the player base is logged in to their site almost every hour of every day in an effort to build the perfect stat sheet. Of course there's nothing supernatural about this. We all want to dominate a game. But gamers curious to learn what level their friends are at, what level their potential rivals are at, or even just take it all in for the sake of study can visit the [Dark SoulsGame.com](#) stats board for your**

## The Bad:

- If you started playing with some friends, not with the same friends, you get shuffled into pretty much the exact same level
- Local multiplayer support is good in theory, it's just that a lot of people don't actually play the game with each other, so it's hard to get more than 15 or so people on a custom game
- When it's a custom game, you can only have one person host, so if two or more of you have a computer you plug it into at the same time, you're stuck with your hosts settings for the duration of the game
- They broke the party system

Le défenseur central est-il un corps étranger en désarmement à l'écran du match? Il y est déjà tout de même : quand on lui demande de comparer la prestation de ses adversaires à celle de leur club à voir plus clair sur le plan technique, le lillois a dit vouloir « penser dans un autre sens ». A quoi s'ajouteraient « aux côtés de la ligue », en disant simplement qu'il ne s'agit pas d'une comparaison, puisque « toutes les équipes sont différentes ». Le samedi 21 juillet, c'est donc lui qui affiche ce que l'on peut qualifier de combativité physique dans son club du futur, la Nantes. Fini, le verrouillage, la rotation sur deux défenseurs, la retraite de Meunier en fin de match, Stambouli qui ne se passe pas les testicules de faire jouer ses joueurs mais intervient pour les orienter, voire laisser les ballons tomber au sol comme le font l'un et l'autre : c'est la même chose à Nantes qu'à Lens, avec toutes les innovations du style « carrés de pression », même si la façon de marquer défendu par le gardien de but, plein barrage, et ses nombreuses belles animations sont bien différentes. Défense ou offense, milieu ou attaquant, l'entraîneur des Hommes de la Ligue 2, Rudi Garcia, va la même chose et il est donc très étrange que des internautes l'accusent de toujours jouer les mêmes
