You will be able to download this software as an

executable file (.exe). NOTE: Please save this file on your computer, run the file and follow the instructions in the installer. After completing the installation process, you can keep the downloaded Autodesk Inventor v2012.Q: SharedPreferences.get() returning null even though i just set it on the first onCreate() I have this code SharedPreferences pref = PreferenceManager.getDefaultSharedPreferences(getApplicationContext()); String del = pref.getString("DeleteItem", ""); and pref is empty even though I am using Preferences in other classes so there shouldn't be any issue with that. The only code I am running on the onCreate() of the activity is get() and set(), they are both static. It's just that I am returning null as shown
