System Requirements For Word Randomizer:

Notes: Stronghold of Heroes is an expanded version of Stronghold 3 for Windows, Mac and Linux. It features a huge array of updates, improvements, fixes and expansions. Currently it has no final release date. The last version I managed to obtain was an early beta 2 build (5.0.1.19280) for Windows. It seems this beta had many of the changes made in the final release. If anyone finds a build (or patch) for the final release, please let me know. For the current version of the Stronghold 3
