LAGOMANCY SAYS: "The engine is smooth and the in-game graphics were beautiful. The story was very interesting and I think it's one of the few RPG games with decent storytelling. I enjoyed the game very much and it was definitely good for a fantasy game." CHUO SHIN GAWKINS SAYS: "This game is pretty fun and should be in the hands of more people. It reminds me a lot of the Ultima Online RPG. The enemies are a bit spammy, but the music is very good." OASYS SAYS: "There is not an MMO game I would say is a must have at this moment, but it is certainly a good game for a RPG fan to check out. The graphics and music were solid and very immersive. It would definitely give any RPG fan a sense of adventure. It also looked a lot like the Ultima Online, which makes sense because it was built by that team." KITAN SAYS: "This game is too easy. There's no challenge in this game. It's too easy, and it's only about exploring." LIVE MEMBER SAYS: "While it's not an MMO like other fantasy RPGs, it does offer enough gameplay that a fan of the genre will definitely be satisfied." LAGOMANCY SAYS: "The fantasy world was very detailed and there are tons of monsters and items. Some of them are really hard to get. The gameplay, particularly the items, was fun and challenging." When I was a child, I had a music box. It was a nameless box, so I could not tell you what kind it was. There were no markings on it. It was just some white box that I could not count the number of the sides. I do not remember when it was that I first saw it. I think it was during the winter of the Northern Hemisphere. The box said "Music Box" in black and white script. I do not know what the figures inside the box meant, but I spent all the time I had playing with it. I guess I was waiting for it to be released. I was absorbed in it even without meaning to play. There are people who bff6bb2d33

tight end Jimmy Graham has found a home. New Orleans received a boatload of good news earlier in the week when star running back Mark Ingram returned to the field. The quarterback still is not set, with Sean Canfield starting the first game of the season while Taysom Hill will backup Will Glazer for the second consecutive year. Glazer, the sixth pick in the 2008 draft, looked very shaky in his debut. Somewhere, the question nags about "What If?" West Virginia quarterback Geno Smith was anointed after the death of Tyrod Taylor last season, a glimpse into his future. Smith did play two impressive games last year, but is not perfect. That has not prevented rookie Trace McSorley, the two-time national champion, from being thought of as the future of the conference. He lit the room up with a total of 200 passing yards and two touchdowns during a 20-13 victory over Northern Illinois last Saturday. "I am practicing like I am going to play," McSorley said. "I enjoy the competition. I enjoy being able to battle for a spot to get on the field. And then the second game, I like the help that I get from the veterans like Tom Savage and Tony Pike." It might not be long before McSorley joins the Steelers' vaunted traveling damage-control crew. Rather than lose one of the best young quarterbacks in the country when Anthony Gonzalez went down with a season-ending shoulder injury against Northwestern, Kirk Herbstreit received a pleasant surprise when McSorley stepped on the field.
