In the lands between, there is no longer a day, no longer a night, and life has turned into an endless, and often brutal fight for survival. Guardians of this world are required to maintain the Balance. However, not everyone agrees with this system. As a result, the most powerful and famous of the Guardians are constantly forced to fight off the Legendary Elden Lords in battle, as they seek to wrestle control from them. The winner of these fights would be the one to take control of the lands, and take advantage of the power over others. You, the player, will control the Elden Lord, the chosen one of the legendary guardian, Tarnished. You, the chosen one of the legendary guardian, Tarnished. You, the chosen one of the legendary guardian, Tarnished. You will be the one to wield the power that will save the world. THE STORY • You are the rightful leader of the Lands Between. Your actions will decide the fate of a world torn apart by war. It is up to you, the protagonist, to defend the world from a sinister force. • A story of a strong young warrior, already endowed with many powers, and a young and innocent looking girl. You are the protagonist, and you are an Elden Lord. • There are no recurring characters, and this game has no side quests. • The story continues through flashbacks of a city that was massacred by a beast named Oiuke. • Unlike other MMORPGs, there are no random events in this game. You will actively decide the path of the story. • The system of class development has been converted into a system of elixir and magic. • Simple graphics that are easy on the eyes • Several different endings are possible depending on the choices you make • An 8-bit soundtrack composed by Yasuhiko Obata REVIEW "The combat system is one of the biggest highlights of this game." "The animations are smooth and polished." "The game looks great on the 2K screen." "The characters are all very well crafted." "An addictive RPG that is enjoyable to play" "The character designs are so beautiful." "The game's artistic direction

I recommend this game!" Game-Lift "The art and music perfectly compliments the world-building. If this was a real game, I'd be excited for the sequel. It doesn't make me excited for a sequel, but it's one of the best games I've ever played. I love it, and while it's short, I hope to see more of it in the future. I can already see myself playing this game hundreds of times in my free time. I know Sang-Beom will release a sequel in the near future, and I'm glad he has such a talented team working on it, and plan on purchasing more content." feed me comments (1.7) >> -- AndroidGame 2015-12-11 09:15:34 2.5/5 (1.3) >> -- Playstore 2015-12-10 09:10:23 2.5/5 (1.7) >> -- Appzcool 2015-12-09 17:29:17 2.5/5 (1.7) >> -- Game-Lift 2015-12-09 15:33:23 3.8/5 I decided to start this new year by writing about the game I'm most excited for for 2015, of course the sequel to Vague Reflections of the World is that game the world longs for.
