The #1 site for Serum presets, sample packs and more. Find your sound and take your music production to the next level today! There are many sites on the World Wide Web with a huge collection of presets (synthesizer or sample packs). But unfortunately, all of them are usually for a fee. There are some that are distributed for free, but have quite limited functionality. But there are also those where you can find a completely unique and exclusive assemblies. Such site is Serum, created by one of the most famous sample developers - John O'Keefe. dd2bc28256
