Now that the Wii is dead, Wii Sports is set to be revived for the 3DS with Wii Sports Resort and "Wii Fit Style" games like Wii Fit Plus. Even though this will be a game that you already own, it has been decided that you'll have to buy the 3DS version of the game. The reasoning behind this is that Nintendo is

planning on making more Wii Fit titles with their new Wii Fit games, which means there are certain features in the 3DS version that make the game more complete. When Nintendo puts their virtual money where their virtual mouth is, you can be sure that they mean business. Nintendo is planning on releasing this game for the Wii and the 3DS simultaneously. The 3DS version will have a "special" battery and 3D effect that will make your Wii Fit experience more interesting and challenging. You'll have to start out with the regular games, including Sports Mode, and complete it in order to unlock the new content. The Wii version will have all of the original games and modes, and the 3DS version will have all of the games and modes, plus the battery pack. There is no price or release date for this Nintendo 3DS game. Wii Fit U Nintendo is working on a brand new version of Wii Fit, called Wii Fit U. Nintendo is looking to take this game into the home console world, and it will look very different than the previous Wii Fit games
