System Requirements:

To begin with, the Sony Xperia XZ1 Compact has two choices for SIM Card; NanoSIM, dual-SIM. And to utilize both SIMs, you must either choose Dual-SIM (Both SIMs working at the same time) or Nano SIM(SIM1&SIM2 working separately). If you want to use Dual SIM, you need to activate both SIMs at the same time. If you want to use one SIM and the other SIM slot is still reserved for Nano SIM, you should choose Nano SIM at first. When you want to use both SIM cards
