The release date is set to September 21st., The game, which has been remade in. The Nintendo Switch version will be dubbed as Amagami SS+. Amagami SS+ for PC Download. This software file was scanned by our built-in virus scanner. Yeah it's nice game, but a disappointment you can't play it on your PC. Amagami SS+ for PC Windows | Amagami SS+ for PC. I've been trying so many times to get my own copies of this game, but in vain. Amagami ss pc game english download And now it's finally, no, I'm not joking, I've finally downloaded Amagami SS on Steam! On release day. In November 2015, Amagami was ported to Android and iOS systems and published by Aniplex of America for Android and Mobclix for iOS. On the day the game was launched in early February 2016, it was released on Google Play Store and App Store on Linux, Mac OS and Windows systems. This time, the Linux version is available on Steam as well as on Aniplex of America's website. Aniplex's mobile ports of Amagami are available for iOS devices running on Apple's iOS 7 or later, and Google's Android operating system running Android 4.4 or later. It is also available for players using Windows on desktop PCs. The Android mobile game was released on iOS devices as a free download on February 10, 2016, followed by a paid Android version on July 26, 2016. On Google Play Store and App Store, the paid versions of the games are available for Android and iOS, respectively. It was later added on Steam's Partner Program in May 2016. The PC version of the game was released on February 16, 2017, and was later ported to macOS on August 3, 2017. Both mobile and PC versions of Amagami include Japanese and English interfaces. The Mac version of the game is released on the game's website, not Steam, for Mac. To pay for the PC version, users must purchase a subscription from the developer's website. With a subscription, players have access to all episodes of the Amagami: The Animation anime series, the original Amagami game, its sequel Amagami SS+ and Amagami SS+.
